Pour les feuilles de scores, il y a plusieurs options:

- 'group form' : toutes les lignes de runs dans l'ordre du passage par groupe
- 'scoresheet form': une feuille de score par cavalier
- 'target form' : une feuille par cible, parfait pour les commissaires de piste sur un parcours polonais.

Pour imprimer, copier-coller le contenu de la page vers un éditeur de texte tel que Word,

Google Docs ou Libre Office (il n'est pas recommandé d'imprimer directement à partir du site).

Alternativement, les feuilles de score type pour les épreuves hongroises et coréenne sont jointes en annexe.

Même si vous utilisez le logiciel pour rentrer les résultats de la compétition au fur et à mesure, une double prise de notes papier est obligatoire pour les compétitions officielles.

- Pour rentrer les résultats dans le logiciel au fur et à mesure de la compétition, aller sur l'onglet 'Judging'.

The screenshot shows a software interface with a sidebar on the left containing links like 'Main page', 'Database', 'Competitions', 'Postal Match', 'Riders', 'Horses', 'Clubs', 'Statistics', 'Last result', 'Competition', 'Styles', 'Groups', 'Judging' (which is highlighted with a red box), 'Score sheet result', 'Target result', 'Check results', and 'Ranking'. Below the sidebar are buttons for 'Logout' and 'Change password'. A red box also highlights the 'Click to try again' button. On the right, there's a table titled 'Style for this competition:' with rows for 'Hungarian Style', 'Korean 233', and 'Polish style', each with edit and remove buttons and various configuration options. At the bottom, there's an 'Add new style' button.

Si vous avez l'erreur 'No active competition', allez sur l'onglet 'Competitions' et sélectionner votre compétition grâce au bouton 'select'.

The screenshot shows the 'Competitions' table from the previous interface. The table lists various competitions with columns for name, country, location, status, start day, riders, horses, styles, rankings, scoresheets, groups, creator, public results, certificate, select, edit, and close. A red box highlights the 'select' button for the first competition listed. Another red box highlights the 'select' button for the second competition listed, which is circled with a red circle.

Sélectionner votre épreuve puis votre groupe de départ grâce aux deux menus déroulants en haut à gauche. Vous arrivez sur une page comme ceci :

Pour chaque compétiteur et chaque passage, vous pouvez cliquer sur le bouton 'EDIT' en fin de ligne pour rentrer le temps et les points cibles.

- Le temps peut être saisi en utilisant un point (18.2) ou une virgule (18,2).
- Les points cibles du la hongroise peuvent être saisis flèche par flèche (233) ou bien globalement (8).
- S'il n'y a pas de flèche en cible, il faut saisir 0.
- 'At least 3' pour la hongroise signifie que au moins 3 flèches ont été tirées (pas nécessairement en cible). Si moins de 3 flèches ont été tirées, les points temps ne sont pas comptabilisés.

Cliquer sur 'Save' ou taper Entrée pour terminer la saisie. Elle peut être modifiée en cas d'erreur de nouveau à l'aide du bouton 'EDIT'.

9. Pour rentrer les résultats après la compétition, par exemple pour le parcours polonais, aller sur l'onglet 'Target result'.
